<p>Evaluate the course overall.: 4 (very good) Evaluate your Section Leader overall.: 5 (excellent)</p> <p>Both Kostya and Andy made sections engaging for the students. There was clearly an open, friendly environment that ensured students felt comfortable and could resolve any remaining concerns or questions after lecture. The material was reviewed and supplemented by showing different applications which is always useful. Though both section leaders had very different styles of teaching, I cannot imagine a better pair to lead the course.</p>

I'm glad he will be one of the TFs for Gov 2001. He cares a lot about whether you understand the concept or not, and is very good at explaining the intuition behind the concepts. Also, his PPT slides are always very nicely formatted. He is overall a fantastic TF!</p>

Awesome TF! I always print his slides because they help to succinctly summarize the key concepts that we are learning. Also really helpful on the assignments in terms of making sure that he answers our questions such that we understand the concepts (not just how to get to the right answer).
